Prevention & Wellness Program

The Prevention & Wellness Program at Delaware Physicians Care provides community-based support to organizations/agencies on health topics and issues. Trained health educators staff the program with experience in community-based education.

If you would like a guest speaker or need resources, please contact **the Prevention & Wellness Department at 1-866-543-2167**. We can provide education and resources on any of the topics in our calendar. If you have a specific need, we can help as well!
